## Watchword of Iga City

### Citizens' Charter

We, the citizens of Iga city, set the following six principles to promote autonomy toward the realization of a city that allows the people and the region to shine:

1. Information concerning city development shall be shared with all citizens.
1. All citizens should be allowed to participate in the city development effort.
1. City development shall be conducted based on the plan created by consensus.
1. City development shall be promoted by our initiative and collaboration with local communities.
1. City development shall be promoted through mutual collaboration and cooperation.
1. The results of city development efforts shall be assessed and leveraged for future efforts.

## Song of Iga City

1. A nice breeze blows through this city that is embraced by the surrounding mountains. This is our hometown. The ancient name of Iga now assumes new vigor.
2. The lofty ideal that has been nurtured by Hakuho Castle is the techniques and wisdom that have been handed down. Our hometown Iga is the birthplace of culture, which has produced a haiku master.
3. As rivers combine with one another into the sea, citizens join hands in the efforts toward the realization of a bright future of Iga City. In hopes of passing on this peaceful land to the next generation, we will make a giant leap forward. We will make a giant leap forward.
